All Metro service is accessible.

CONSTRUCTION AND SINGLE TRACKING

Due to the ongoing construction project related to returning vehicles to Main Street, Metro Rail must initiate a revised, single track service beginning Sunday, August 11.

SINGLE TRACKING

As a result of the necessity to use the single tracking method, passengers will be required to transfer from one train to another at the Church Street Station in order to continue your trip on the train. Rail service will operate approximately every 20 minutes.

PLATFORM USE

During this period of modified service, Metro Rail customers with disabilities, including those using a mobility device, need to be aware of special boarding procedures that will be in place during this time.

- Inbound passengers with mobility devices, traveling from University Sta. to surface stations, must board the first car.
- Inbound passengers with mobility devices, traveling between Church St. Sta. and Erie Canal Harbor Sta., must board the last car.
- Outbound passengers with mobility devices, traveling from Church St. Sta. to Allen/Medical Campus Sta., must board the last car. Passengers boarding or alighting in underground stations can use any car.
- Outbound passengers with mobility devices, traveling between Erie Canal Harbor Sta. and Church St. Sta. must board the first car.

CONSTRUCTION SCHEDULE

Metro will begin single tracking on the inbound track, Sunday, August 11. The schedule is dependent on the weather and construction progress.

STAY IN TOUCH

To keep you informed, Metro will post Rider Alerts throughout the system, and use the electronic message boards in each of the rail stations.

Metro also uses Instant Updates. Sign up at nfta.com for text or e-mail messages on Metro Rail conditions and many other Metro related topics.
